ABOUT ME.

My name is Kristina, and I am a sworn and publicly appointed translator and interpreter for English based in Germany. Growing up trilingual in **Estonian, Russian, and German**, I naturally developed strong intercultural skills from an early age. At a language-focused grammar school, I added **English, French, Italian, and Spanish**, refining these skills through professional training and hands-on experience. This lifelong passion for languages has become the fulfilling career I enjoy today.

TRANSLATION & INTERPRETING

With more than 18 years of experience, including roles in international sales and leadership in marketing and communication, I now specialize in **professional translation and interpreting** in the fields of politics, business, and finance, along with certified translations for official documents and court proceedings. My active working languages are **German, Russian, English, and French**. Following the mother-tongue principle, I translate primarily into German while offering interpreting services in both my A- and B-languages.

ACCURACY AND TRUST

Serving clients across Germany and Europe, I provide intercultural expertise, accuracy, and sensitivity to every assignment. Whether for simultaneous interpreting at international conferences, consecutive interpreting at negotiations, or certified translations, my work is guided by professionalism, discretion, and reliability. As a member of the Federal Association of Professional Translators and Interpreters (BDÜ) in Germany, I am committed to delivering high-quality language services.
